

## **Community Task Force Community Workshop #2**

**5:30-8:30 pm at Southlake School, 8601 Rainier Ave S.**

**Tuesday, January 28, 2014**

---

Hotspot: Lake Washington

### **Facilitator:**

- Linda Spain

### **Feedback on SPD Panel Discussion**

- Police response is still a big issue, along with people not reporting crime. How do we change this? Officer JoJo Cabernero was good but no one replaced him
- How can police improve response time?
- Team members thought police description of gunfire was exaggerated but did admit they sometimes hear gunfire at night

### **Review/discussion of January 2014 Supplemental Data**

- Prioritization of types of crime:
  - Theft
  - Gang Activity – from out of the area
  - Assault – aggravated and simple
  - Burglary
  - robbery

### **Other observations**

- Safeway parking lot lighting is not good
- Police are present but nothing happens
- Crimes seem to be committed from people not from the area
- Car prowls seem to have increased inside the Lake Washington Apartments

### **Questions on January 2014 Supplemental Data**

1. Need more information on RBHS students committing crimes
